The U.S. Department of Transportation has awarded the Center for Independent Living for Western WI, Inc (CILWW) and the Aging & Disability Resource Center of Eau Claire County (ADRC) a FY2011 Veterans Transportation and Community Living Initiative grant. The \$292,812 grant will be used to expand CILWW's current transportation program to meet the growing need of Veterans and other persons who are transient dependent in CILWW's 10 county service area including Eau Claire County. CILWW's current transportation program will be upgraded and expanded to a "One-Call/One Click Transportation Resource Center" with multi-regional driver training facilities. This project was selected on a competitive basis and is the only project to receive an award in Wisconsin.
