

# EAU CLAIRE COUNTY SHERIFF'S OFFICE

## MEDIA RELEASE

DATE: Wednesday July 20, 2010

AUTHORITY: Sgt Carl Duncan      PHONE 715-839-2972

---

### COUNTRY JAM TRAFFIC INFORMATION

Eau Claire Sheriff's deputies, with officers from the Eau Claire Police Department, will again be providing traffic control and direction for vehicles entering and exiting the Country Jam vicinity Thursday through Saturday, July 21-23.

Traffic flow patterns will remain the same as in past years, with incoming traffic following normal directional movements. Large volumes of pedestrian traffic and slow moving vehicular traffic with some periods of congestion can be expected in the vicinity of the festival grounds.

The scheduled time periods that motorists will experience restricted, one-way traffic flow and direction is during the closing hours of the festival on Thursday, Friday, and Saturday evenings. During these times, both lanes of traffic on Crescent Avenue will be eastbound only from the festival grounds to Ferry Street, and continue one way north on Ferry Street to Short Street, where it will return to two direction flow.

Two lanes of one-way traffic will also be in place for westbound only on Curvue Road (CTH C) from the festival grounds, past the Moose Club to Kane Road.

Time periods for these restricted flow operations are dependant on the show schedule, and will remain in effect until a majority of the vehicular traffic has departed, historically in a 1.5 to 2 hour window.

Law enforcement personnel will be staged at various intersections along the restricted traffic routes.
